*For the world we want!*

# Moving forward leaving no one behind

The year 2021 has been marked by an exceptional context due to the health, social and economic crises caused by the COVID-19 pandemic. It was a year in which we started to see the light at the end of the tunnel, while still living in a very delicate scenario.

**26.4% of the Spanish population is at risk of poverty and/or social exclusion.** Furthermore, the people suffering the most are those in situations of high vulnerability: children, young people, women, immigrants, the elderly, and people with intellectual disabilities.

The lack of access to adequate housing has a big impact and for many families basic rights, such as access to energy and food, are not being fulfilled. People with drug dependencies are still stigmatized. The scourge of gender-based violence continues to take lives, and we have a long road ahead to achieve gender equality.

Facing this reality, **at ABD we continued to accompany people in situations of vulnerability and to deliver programmes and essential support for them.** We are a singular agent, and indispensable in the social and healthcare field. We remain present, and we feel that we cannot step aside.

ABD comprises the entire social base: professionals, users, families, volunteers, entities, and collaborating companies. **Together we have built a cross-cutting community network to provide accessible, welcoming, shared, innovative and supportive answers that promote rights and reduce inequalities.** We are present in more than 100 platforms and form part of the boards of the **FCD, UNAD, RIOD, UNAF, CEOMA, FCVS, FSM, FEDAIA, NEWNET, TEDI, EUCLID NETWORK** and **ECIU**. In addition, since 2019, we have a Special Advisory Status with the United Nations Economic and Social Council (**ECOSOC**).

We look at the present with satisfaction for the work done, and we see the future with hope and excitement for the new projects that will lead us to the world that we want. We move forward without leaving anyone behind.

# 2021

## More than forty years of social commitment

The ABD Welfare and Development Association is a **non-governmental and non-profit organization that was established in the 1980s**, when drug use and the AIDS epidemic were wreaking havoc among the younger populations. In this context, a group of professionals and volunteers came together to offer care to drug users, their families, and the surrounding neighbourhoods. Today, ABD continues to work **to reduce inequalities and social and health-related vulnerability** through a wide range of actions.

**ABD's social action** is cross-societal, as we support individuals and communities experiencing very diverse situations: physical and intellectual dependence; mental, physical and emotional health problems; a lack of basic needs, such as housing or electricity; gender violence and child abuse; the mere fact of growing old or migrating to another country; drug use; discrimination based on gender, ethnicity or origin; or a lack of access to services and jobs, among others.

### Aligned with the UN SDGs

Our purpose is to contribute to the empowerment of people, groups and communities that suffer exclusion processes, boosting their capacities and defending their rights. We believe in the need to create common strategies and have therefore reaffirmed our commitment to align with the United Nations' Sustainable Development Goals (SDGs). Some years ago we joined the 2030 Agenda, and **this year we have become one of the first organizations from the Third Sector to receive the international certificate of achievement of UN SDGs** awarded by IFGICT.

### Mission

Creation and verified management of processes and services focused on individuals and communities, to facilitate empowerment and strengthen their active role in the generation of social equality and personal and collective well-being.

### Vision

We are a leading entity that promotes a third-sector model characterized by:

- ♦ Ethical values in both the use of resources and our relationships with individuals and groups, communities and the public administration.
- ♦ Efficient management of public and privately-funded programmes.
- ♦ Our service as a tool to promote social responsibility among citizens and a model of civic solidarity.
- ♦ Promotion and defence of the rights and responsibilities of the most vulnerable individuals and groups and those at risk of social exclusion.

### Values

- ♦ Ethics and transparency.
- ♦ Professionalism.
- ♦ Creativity, innovation and quality.
- ♦ Respect and peaceful coexistence.
- ♦ Social commitment and the defence of rights.
- ♦ Objectivity and accountability.

# Local action, global horizon

We have fulfilled 49 mandatory goals and 29 non-mandatory goals.

**1 NO POVERTY**

- ♦ **263 people experiencing homelessness** benefited from social housing programmes. By guaranteeing them access to housing, we reduce their vulnerability.
- ♦ **447 elderly individuals in nursing homes and housing** with support services that promote their right to self-sufficiency.

**2 ZERO HUNGER**

- ♦ **2,757 vulnerable individuals** have had access to essential goods through charitable cooperatives.
- ♦ **237,609 kilos of food** have been distributed, to guarantee the right to a healthy, nutritious and sufficient diet.

**3 GOOD HEALTH AND WELL-BEING**

- ♦ **4,080 people in treatment** for substance abuse and **19,395 in alcohol and substance abuse prevention** programmes.
- ♦ **1,494 elderly individuals cared** for in senior centres, nursing homes and through home care services that promote health and self-sufficiency.

**4 QUALITY EDUCATION**

- ♦ **26,745 families at family meeting centres** offering emotional bonding, sharing of experiences, and family mediation.
- ♦ **15,572 youths have participated in workshops** on sexual health, addiction prevention, non-violence, coeducation, LGTBQI+ equality and interculturality.

**5 GENDER EQUALITY**

- ♦ **2,995 women and their children** who are victims of gender violence in recovery, psycho-educational care and feminist empowerment programmes.
- ♦ **13,514 mothers at social risk** involved in positive parenting programmes through psycho-social care and the reinforcement of the bond in early childhood.

**7 AFFORDABLE AND CLEAN ENERGY**

- ♦ **45,345 individuals receiving guidance** in programmes that aim to detect and reduce energy poverty and improve energy efficiency.
- ♦ **10,540 social actions** implemented to help guarantee access and the right to energy for households in vulnerable situations.

**8 DECENT WORK AND ECONOMIC GROWTH**

- ♦ **1,467 people in itineraries of social and labour insertion** through orientation, training and research programmes.
- ♦ **Promotion of innovative projects** on food sovereignty and ethical fashion, and related to solidarity economy and social entrepreneurship.

**10 REDUCED INEQUALITIES**

- ♦ **192 individuals with intellectual disabilities** attended to, promoting social inclusion, ensuring equal opportunities and reducing inequalities.
- ♦ **24,113 individuals of 102 different nationalities** offered care through immigration, international protection, refugee, translation, and intercultural mediation programmes.

**11 SUSTAINABLE COMMUNITIES AND CITIES**

- ♦ **275 social transformation communication campaigns** and actions aimed at building sustainable, inclusive and participatory cities and communities.
- ♦ **8 community empowerment projects** designed to promote social inclusion, sustainability and resilience through sport, agroecology, technology, and voluntary action.

**17 PARTNERSHIPS FOR THE GOALS**

- ♦ **We are present on 124 platforms**, 11 of which are international, an alliance for social transformation.
- ♦ **We have implemented 10 international projects with 17 countries** to promote knowledge exchange and social innovation.

# Singular responses

## Drugs and health

- ✦ Risk and harm reduction.
- ✦ Addiction care.
- ✦ Prevention in teens and young adults.
- ✦ Mental health.
- ✦ HIV AIDS.
- ✦ Sexual health.

## Childhood, families and gender equality

- ✦ Support for families.
- ✦ Gender-based violence.
- ✦ Gender equality workshops.
- ✦ Care for children in situations of social risk.
- ✦ Nurseries and early childhood care centres.
- ✦ Community and multifamily group interventions.
- ✦ Housing for single-mother families.
- ✦ Psychological, socio-educational and occupational support services.

## Poverty and inclusion

- ✦ Employment and labour insertion.
- ✦ Social entrepreneurship.
- ✦ Decent housing.
- ✦ Food security.
- ✦ Community enhancement actions.
- ✦ Energy consulting.
- ✦ Immigration and international mobility.
- ✦ Prevention in sexual, affective and reproductive health.
- ✦ Interculturality and diversity.

## Intellectual disability

- ✦ Occupational empowerment.
- ✦ Personal and social support.
- ✦ Residential and day care
- ✦ Promotion of self-sufficiency. Diversity and individualized care.
- ✦ Support for families.
- ✦ Social inclusion and participation in the community.

## Promotion of self-sufficiency and dignified ageing

- ✦ Support for families and caregivers.
- ✦ Housing with services for the elderly.
- ✦ Spaces for dialogue on good treatment and ageing for young people.
- ✦ Companionship for elderly people with unwanted loneliness.
- ✦ Social facilities for the elderly.
- ✦ Residential and day care.
- ✦ Dynamization of community centres for the elderly people.

## Home care services

- ✦ Social and technological innovation to avoid digital gap and prevent unwanted loneliness in elderly people, Eldcare.
- ✦ Home care services SAD.
- ✦ Intervention in the community environment.
- ✦ Raising awareness of good treatment towards other generations.
