Vision

We are an entity that promotes and is a reference of a third sector model characterised by:

Ethical values in dealing with people, groups, communities and administration, verified and certified

A healthy economy and efficient management of programs with public and private funds that allows social innovation

Mission

We create and manage projects and services focused on people and communities, to facilitate empowerment and strengthen their active role in generating social equality and personal and collective well-being

Values

Social commitment and defence of rights

Creativity, innovation and quality

Ethics, transparency and accountability

Pluralism

Professionalism

More than 40 years of social commitment and innovation

We are a non-profit organisation that, for more than 40 years, has been working to reduce inequalities as well as social and sanitary vulnerability. Through a wide network of services and programmes, we intervene in different areas of social action, such as care for drug addiction, mental health, childhood, family, gender equality, dependency, intellectual disability, poverty and social exclusion
