

A year of transformation and impact

Report and Social Balance 2024

We transform lives from a model referring to the third sector

ABD Group

The ABD Group Welfare and Development Association is a non-profit organization that, for more than 40 years, has been working to reduce inequalities and social and health vulnerability. Through a wide network of services and programs, we intervene in different areas of social action, such as drug addiction care, mental health, childhood, family, gender equality, dependency, aging, intellectual disability, poverty, social exclusion and the fight against climate change.

We are a benchmark in the third sector for our commitment to comprehensive and community care, effective management and the defense of social rights.

Vision

We are a promoter and reference entity of a third sector model characterized by:

- **Proven and certified ethical values in dealing with people, groups, communities and administration.**
- **A model of attention:**
 - **Comprehensive:** biological, psychological, social and educational.
 - **Community:** with and in the community through the family and the environment, achieving active membership with rights and duties.
- **A healthy economy and efficient management of programs with public and private funds that allows social investment.**

Mission

We create and manage projects and services focused on people and communities to facilitate empowerment and strengthen their active role in generating social equality and personal and collective well-being.

Values

- **Social commitment and defense of rights**
- **Creativity, innovation and quality**
- **Ethics, transparency and accountability**
- **Pluralism**
- **Professionalism**
